Our Divisions

Complete solutions.
One trusted supplier.

HIC Agencies offers a comprehensive range of industrial, electrical, lighting, and project supply solutions for commercial, mining, residential, and infrastructure sectors.

From mining and industrial supply to electrical wholesale, retail products, PVC and cable management systems, lighting solutions, and project support.

We are committed to delivering reliable products, quality service, and efficient supply solutions backed by industry expertise and trusted partnerships.

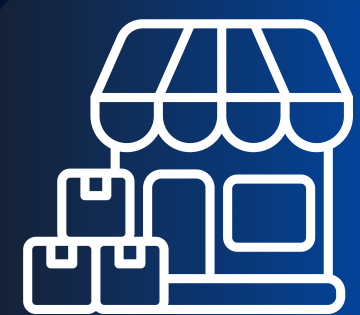

Mining & Industrial Solutions

HIC Agencies supplies dependable mining and industrial solutions built for demanding environments. Our range includes conveyor systems, industrial electrical products, cable management, control equipment, and heavy-duty infrastructure solutions designed for reliable performance and durability.

Electrical Wholesale

Our electrical wholesale division supplies contractors, electricians, and businesses with quality electrical products and accessories. From switchgear and distribution boards to lighting and cable management systems, we provide reliable supply and trusted solutions for projects of every size.

Retail Electrical

HIC Agencies offers a wide range of everyday electrical and lighting products for residential and commercial applications. Our retail division focuses on quality products, competitive pricing, and reliable customer service.

PVC & Cable Management

We provide complete PVC conduit and cable management solutions for industrial, commercial, and residential installations. Our range includes conduits, trunking, cable trays, junction boxes, and accessories designed for safe and organized cable routing.

Lighting Solutions

Our lighting division offers modern, energy-efficient solutions for residential, commercial, and industrial spaces. From decorative fittings to commercial LED systems, we supply lighting that combines performance, efficiency, and design.

Contractual & Project Supply

HIC Agencies works closely with contractors, consultants, and developers to provide dependable project supply solutions. We deliver quality products, efficient sourcing, and reliable support for projects across multiple industries.

Our Brands

Trusted Partners. Premium Solutions.

We partner with world-class manufacturers to bring you innovative, reliable and high-performance products for industrial, commercial, mining and infrastructure applications.
